

Tork Toilet Seat Cover

Product properties

Article	System
750160	V1 - Vip Holder Dispenser/SeatCover system

Description

The Tork Toilet Seat cover system (V1) brings extra hygiene to your washrooms.

Shipping data

Consumer unit

EAN	7310797501608
Pieces	250
Height	23 mm
Width	265 mm
Length	380 mm
Volume	2.3 dm ³
Net weight	520 g
Gross weight	625 g

Transport unit

EAN	7310791005294
Pieces	5000
Consumer units	20
Height	373 mm
Width	274 mm
Length	399 mm
Volume	40.8 dm ³
Net weight	10.40 kg
Gross weight	12.50 kg

Tork Toilet Seat Cover

Environmental

Content

Virgin Pulp

Recycled fibres

Chemicals

Material

Virgin fibres and recovered paper

In the tissue process both virgin fibres and recovered paper are being used. In the process it is a matter of finding an efficient solution where both virgin fibres and recovered paper play a role. Different fibres demand different processes and this determines the end product properties, and makes the fibre type (recovered or virgin) less important.

The environmental benefits and economic feasibility of recovered paper as a raw material source depend on its availability, transport distance and the quality of the collected material.

Bleaching of fibres

Bleaching is a cleaning process of the fibres and the aim is to achieve a bright pulp, but also to get a certain purity of the fibre in order to achieve the demands for hygiene products and in some cases to meet the requirements for food safety.

There are different methods used today for bleaching ECF (elementary chlorine free) where chlorine dioxide is used, and TCF (totally chlorine free) where ozone, oxygen and hydrogen peroxide is used.

Chemicals

The chemicals used in the process as well as the functional chemicals are assessed from an environmental, occupational health and safety and product safety point of view .

The used functional chemicals are:

Wet strength agent

Dry strength agent

If coloured = Dye

Fixing agents

If white Fluorescent whitening agent

If needed Glue

Softeners

The process chemicals are:

Tork Toilet Seat Cover

Antipitch

Protection agent

Yankee coating

Defoamer

Dispersing agents and surfactants

pH and charge control

Retention aids

Broke treatment chemicals

Drainage aid

Packaging

Fulfilment of Packaging and Packaging Waste Directive (94/62/EC): Yes

Environmental label = Ecolabel. This product does not have any ecolabel.

Date of issue 2013-09-30

Revision date

SCA Hygiene Products AB, Bäckstensgatan, 405 03 Göteborg

Production

This product is produced External, US.

Destruction

This product is mainly used for personal hygiene and can be collected together with household waste.
